

THE NEW ROY HART SPORTS BOOSTER CLUB

Hello parents and friends of Roy Hart sports! In November of 2009, a new sports booster club was formed. Its primary focus is on fund-raising for the purpose of providing financial assistance, where and when needed, to all RH athletic programs. You should know that due to local and state education budget constraints, all programs at Roy Hart will be under intense review including sports.

We have vowed to do our very best to help district residents avoid tax increases in order to maintain the many wonderful sports opportunities our student-athletes currently enjoy.

We need your help! Please consider becoming a member. There are no membership fees and it's a great way to get together with friends and volunteer a little time for a very important cause. There are many ideas for fundraising events that can happen if you decide to join. We believe in our hearts that many important life lessons are taught through sports and our students deserve our help in ensuring that learning opportunities have a chance to exist.

Thanks so much! For the RH Sports Booster Club, I am
Yours truly,
