

The Roy-Hart Rumble

June 2023 Editorial Edition

What do I Think of the High School Musical?

By: Averie Owen

Being in the High School musical is an awesome experience for any middle schooler!! But it all starts with an audition. First, you have to pick a character. The main characters this year are winifred, queen, lady larken, dauntless and there are some others. But some people want to be background/other people like ladies in waiting or the knights. I chose the ensemble which is background ladies in waiting. The director, Mrs. BD (as us kids in the musical call her) didn't want 7th and 8th graders at first. I'm just so glad she included us. She only allowed the 7th graders to audition for the ensemble. Which is all I wanted to be, after all it is my first musical. I got the part, it's easy to get the part of the ensemble. Then, you learn the songs. That honestly only takes two rehearsals to learn. Next, we learn the choreography to the dances. After that, we put the singing and dancing together. The main characters have other practices to learn their lines and solos/duets. Once we put it all together it becomes a great show. It is so fun to be a part of it. There is so much more than just the rehearsals. There's the pit, the costumes, hair and makeup, and so much more. If you're musical you should be in the musical. It's so fun!!

Scavenger Hunt Contest!!

Check out page 8 for a fun & competitive **"Where in the School is Harold Houdini?"** scavenger hunt. This contest features photos of Harold with his middle school friends and caretakers over the past two school years. Pay attention to the rules!

Have a safe
& great
summer
everyone!

What is an Editorial?

An editorial is typically an article that presents the newspaper's opinion on an issue. However, in the case of this Roy-Hart Rumble, our editorials reflect the personal opinions of our club members. Throughout this edition, you will find many short editorial pieces to read! We hope that you enjoy them and, if you have a different opinion, consider joining the Newspaper Club next year!

Animal Protection is Our Job!

By: Taylor Maynard

Animals in our world are getting killed and losing their habitats because of humans and we are the only ones who can help stop this! Animals' natural habitats are getting ruined. The trash, plastic and glass is affecting animals. If animals eat glass or plastic it can kill them especially the glass it can get into their body and lungs and hurt their body. Water pollution poisons our animals. If we cut down trees and bushes animals will have to find a new habitat to live in. and sometimes animals cant find a new habitat and it makes them homeless, then they have to suffer in the cold and they die. Sometimes I see dead deer on the road. I think sometimes people should drive slowly around deer areas.

Its humans responsibility to help nature or the animals can disappear.

Dogs Are the #1 Pet!

By: Jillian Schimek & Taylor Maynard

The best animal to have as a pet is a dog! My dog loves attention and love and she always wants to play or cuddle. The reason why i say dogs are the best is because dogs are really lovey, strong, and dog minds are like humans. I love dogs because they have open minds. They're curious and they just want to have the perfect home. You can raise your dog to be well trained and even do tricks. Also, dogs can help their humans. Dogs have good sense of smell and can know when someone is going to have a heart attack or if a person is autistic.

School Time...?

By: Stella Stoll

Months, months, months at a time, it's the same old thing, school, school, school!

Should school be year round with more break?. There should be more breaks a lot more. I think we should go to school for 14 weeks and get a week off because I have to get up at 5:00am **EVERY** morning to get ready for school. I'm starting to get in the habit of getting up at 5:00 in the morning **ON THE WEEKENDS!** This is horrible!

We **NEED** more breaks! We need to get out of school right when summer starts and I'm saying about around July 1st. and go back to school around November 1st. For all of those teachers out there that are reading this(i'm talking to you 5th grade, 6th grade, 7th and 8th grade teachers) Can you at least listen to one of my ideas? Do it for yourself and your students. And think about it, you won't have to wake up so early -just like me!

Exotic Animals Should Not be Held in Captivity?

By: Charlotte Totah

I would hate to be kept in a cage if I was an exotic animal. Would you like that? Keeping exotic animals as pets is wrong for so many reasons. It is not fair for them to be out of their natural habitat. Wild animals belong in the wild!

Kids Should Have Allowance!

By: Jessalyn Luxin

If grown up get paid then kids should too. I think that kids should get an allowance because they do their chores and work hard on their homework too. They also should get allowance from helping there mama do laundry and dishes. By getting an allowance kids will learn how to save their money to buy things.

Pictured above is the podium with the 1st, 2nd & 3rd place winners holding their prizes (puppies of course!)

Best in Show!

In April, the Pet Club hosted the 2023 Roy-HartMinster dog show. Thirteen digital dogs competed for the grand prize. Overall, 167 students and staff voted to select the winners.

Winners were selected based on how well they represented their breed (or hybrid) in the digital slideshow.

Congratulations to everyone who participated and thank you to everyone who voted!!

Pictured above are some playful human pups and the dog show display hosted in our school cafeteria.

Be A Bird Helper!
By: Matthew McCarthy

Humans should try to help Diurnal (or day) birds and Nocturnal (or night) birds in the cold snowy winters. One way to help birds is to ensure they have enough food to survive during all four seasons. If it is very dry, you can put a birdbath outside to ensure they have water to drink and bathe. Birds use all their energy to stay warm during the winter.

Marvelous Miss Kinzie

By: The Entire Newspaper Club & Written By Chloe Elnisky

In room 111 was a lovely young lady sitting at her desk with a 'Welcome Ms. Kinzie' sign above her head. This is an interview about Ms. Kinzie because she is new to our middle school and we don't know much about her.

While interviewing Ms. Kinzie we found out that she is 22 years old. She lives in Lockport and she grew up there too. She lives with her younger sister in their own apartment. She attended Lockport High School and she currently goes to Medaille University. In Ms. Kinzie's free time she babysits three kids.

Ms. Kinzie goes to Medaille University for teaching Special Education and English. She is currently a student teacher at Royhart middle with Mrs. Nasca. Ms. Kinzie's opinion on Mrs. Nasca as her student teacher is that Mrs. Nasca is very energetic, kind and always helping her students and also she is someone Ms. Kinzie is grateful to be learning from.

When we were interviewing Ms. Kinzie a fun fact that we discovered is that Ms. Kinzie is a pro wrestler. Her wrestling name is Adrianna Fury. Ms. Kinzie got hurt and broke her face from doing a spear. A spear is "when an attacking wrestler charges towards a standing opponent, jumps and brings his body parallel to the ground", she also tore her cartilage in her hip by getting thrown over the top rope of the ring. Once Ms. Kinzie elbowed her opponent in the face and chipped their tooth. Another fun fact is that Ms. Kinzie has three pets: a cat and two dogs.

We all have an opinion about Miss Kinzie. My opinion on Ms. Kinzie is that she is a very nice and kind person and I love her as a teacher. Stella Stoll's opinion on Ms. Kinzie is She is great and amazing. Also The only girl wrestler she knows. Jessalyn Luxon's opinion on Ms. Kinzie she is nice. Averie Owen's opinion on Ms. Kinzie is so fun and active!

Jillian Schimek's opinion on Ms. Kinzie is that when I asked her to help with something the other day she said yes but she won't be here but she doesn't like saying no. Taylor Maynard's opinion on Ms. Kinzie is that she is really nice, cool and chill.

Scavenger Hunt Contest!

We have hidden 75 numbered photos of Harold pictured with his MS friends. All of these pictures are in general areas of our building (ie: hallways, cafe, library). To compete you must:

- Use this sheet to collect data (name in last box!)
- When you find a picture, record any piece of evidence by the correct number.
- Evidence is any identifying information such as where you found the photo, name of person in it, what Harold is doing...
- Turn your form into Mrs. Nasca's mailbox in the main office by: 6/21
- The winner will be the student with the most accurately completed boxes.
- Winner will be announced on: 6/22

Yep, there
will be a
prize-good
luck!
