

# **New Inductees Recognized at National Honor Society Induction**

*Written by: Sarah McClintock*

On Thursday, May 30th, the Royalton Hartland Chapter of the National Honor Society held an induction ceremony for the twenty-two new members from the Class of 2020. Our guest speaker for the event was Ms. Alix Gilman, who brought exceptional advice and inspiration for both the senior NHS members and those who were being inducted.

These twenty-two students were accepted into National Honor Society based on their noteworthy academic and extra-curricular success. The four pillars of National Honor Society are character, leadership, service, and scholarship. All of the new members have demonstrated these four pillars.

Congratulations to the new members!
